

KLUDI ZENTA SL
hygiene-set
DN 15

Finishes:
05 chrome

pre-installation set with trim set
vertical wall mounted
solid lever, metal
protected against back flow
shower outlet G1/2
ceramic cartridge with hot water safety device
wall supply with shower holder
for shower hoses with conical nuts
shattaff with shower hose (metal)
G1/2 x G1/2 x 1250mm
1 spray pattern

The image displays two views of the Kallio shower mixer. On the left is a side view of the main handle, which is a polished chrome lever with a curved, ergonomic shape. The brand name 'KALLIO' and a logo are visible on the handle. On the right is a front view of the shower head assembly, featuring a polished chrome body, a circular shower head with a textured face, and a flexible braided hose.

The graph shows the relationship between flow rate I (l/min) and pressure p (bar). The curve starts at the origin (0,0) and increases monotonically. Key points on the curve are approximately:

Pressure p (bar)	Flow rate I (l/min)
0	0
1	4.5
2	6.5
3	8.5
4	9.5
